STUDIO ETIQUETTE

Please remember, this is the artists place of work, and many work in a purpose-built studio or space in their home. Some share spaces at farms or in small industrial estates so also be mindful of neighbouring businesses. Remember not to walk around private spaces such as gardens or other rooms in houses.

If you would like to photograph the artist or their work, it is essential that you ask their permission and do not replicate their work online.

The organisers and artists of Chichester Open Studios cannot accept liability for any loss, damage or injury sustained by any member of the public visiting participating Studios. Visitors should be alert to the variety of working environments, and the possible hazards, and visit Studios at their own risk.

Please supervise children carefully. Photography provided by Open Studios artists.

Welcome to the vibrant world of the Chichester Open Studios Art Trail 2024!

Since its inception in 2001, this esteemed event has evolved into a celebration of creativity, featuring 149 talented artists who open their studios, homes, shared venues, workshops and even garden sheds to the public.

Divided into six distinct areas—City, Harbour, Downs, Eastward, Seaside and Peninsula, —our guide invites you on a journey of artistic discovery. Mark your calendars for May 18th, May 19th, May 25th, May 26th, and Bank Holiday Monday, May 27th, as we welcome you to immerse yourself in the rich tapestry of artistic expression across Chichester.

Whether you choose to explore each area individually or venture through a variety of categories, the Art Trail promises an unforgettable experience of discovery and inspiration. Join us as we unlock the door to the artistic community of the Chichester area.

THE OPEN STUDIOS TEAM

Jazmine Saunders Christine Burgess Jo Flatt John Gillespie Linda Foskett

We look forward to meeting you on Chichester Open Studios 2024!

If there isn't time to visit all your chosen artists, hold on to this Guide and feel free to contact artists in the future. You can always find more information about our artists at www.chichesteropenstudios.org and on Instagram, Facebook and X. @chichesteropenstudios

WHAT IS AN OPEN STUDIOS EVENT?

It is a time when artists open their creative spaces to the community; where they can meet their audience in person, exploring their themes and processes with others and gain a fulfilling insight into why others are interested in their art. Visitors can learn directly from the artist, finding out what makes us tick, how we create our art works and what processes we use. Demonstrations often take place where suitable which can be a fun and exciting experience.

Artwork will also be available to purchase; commissions are often welcome and some artists run workshops or courses where you can sign up to learn a new skill. Some of us are full-time professionals, others create on a part-time basis and some enjoy creating in their spare time. One thing is for sure, this is an incredibly artistic area with a huge talent base. All of us are passionate about the art-world and are looking forward to sharing what life is like as an artist with you.

We would be delighted you share your visits on social media and please tag us @chichesteropenstudios.
